Mr. Eric Newman,
P.O. Box 14020,
St. Louis, Mo. 63178.

Dear Eric;

Received your letter of Dec. 12th on our return.

I have examined the \$1 Huntington, etc. note and notice the top right hand edge has been repaired, so am enclosing it for \$ 15.00 as you suggested, or rather as he offered.

I sold my Baptist Mission script and one other Indian territory note I had to Maurice Burgett, he gave me more than I imagined." I do not collect them. As to the 1815 U. S. Treasury notes , I have one \$5 unsigned, one \$10 with two signatures at right end of note only. A.U. and not cancelled, and one \$50. cancelled with a large circle, arrow cancellation, and with three signatures, one on left, two on right, the lower right being C.C.Biddle. All are dated Mar. 25, 1815. I also have photos of a \$3, \$5, \$10, \$20, all same date, and a \$20. and two different types of \$100. unsigned and undated. The first ^(2 p.) is by act of Congress 26 Dec. 1814, the second mentioned (100) 30th June, 1812 and the third, (or second \$100.) 24, Feb. 1815.

Enclosed 1 - \$1.00 Huntingdon etc. Turnpike

\$ 15.00

Sincerely,

Matt.

price of the enclosed note to \$15.00
as I suggested.

Please send him a check if you
still want it.

Sincerely,

From the desk of

Dear Matt:

Since my letter to you of August 19, 1974, I can simplify my requests:

All I need now are:

Xerox or IBM copies of your three proof notes of the first Bank of the United States and any branch notes of the first bank issued in Norfolk, Savannah or Washington.

I found writing up this subject for my book to be both fascinating and frustrating.

I hope you and yours are fine and look forward to another of your St. Louis visits.

Dear Eric:

I sincerely appreciate your letter of congratulations on my receiving the Zerbe award.

You are my idea of the top numismatic scholar in the United States, and I am proud to be your friend.

Janet and I had a wonderful vacation at Cape Cod and in New York City. Mr. Grunthal showed me through the ANS and I was glad to see the exhibit they had prepared for the International meeting. Henry tells me he is retiring from ANS now. He's a fine man and a fine scholar.

I am now concentrating on very early American paper money, 1812-1815; the Bank of the United States; gold; and large National Bank notes. I have much to collect and study and I must say I do enjoy it.

Thanks again for your letter, Eric. The friends I have made like you in my Numismatic years, are the real pay off.

Most sincerely,
Matt

Dear Matt:

I was so pleased to see that you are working on a listing of Arkansas material, but even more pleased that you thought about me. I am delighted to help.

My Arkansas collection is reasonably large and listing everything would be a very great hardship. I have listed, however, all of the notes in my collection which appear not to be listed in the listing of Howard Stebbins made in 1963. I presume your group are going to check the Stebbins collection which I believe he donated to the State or a university. I am also enclosing photocopies of the Real Estate Bank as you particularly wanted data on that. When your listing is developed on M. Mayer, I can go over my varieties and photocopy them if that is more practical.

Whatever cooperation you need, you will receive.

My very kindest regards to you and yours,

Sincerely,

Eric P. Newman

Dear Eric;

I found the enclosed Railroad circular in this condition, in some of my dads things. It is from Louisville, where my grandparents lived in 1904. If it is of any value to you, you could send me an Arkansas note of equal value, but I do not expect anything.

I have a Missouri obsolete note, listed in Criswell's Revised (Southern States) Currency Series as 2 D \$ 20.00 blue paper "Five Years after date" in XF as "Very Rare". A good friend of mine wants to buy this note from me and I want to charge him a fair price, so I am writing you to give me an approximate retail price as of now on this note. *(Even if it is just a "guess")*. Thank you.

As you know, I am preparing to write a book on Arkansas Obsolete Notes and Scrip, so I now have a favor to ask of you. When you have time would you please ask your secretary to list the Arkansas notes and scrip that you have in your collection, that ~~are~~ NOT in Criswells Southern States Currency book. Also any ideas you have about his listings of these 1861 thru 1865 and 1871 to 1875 State issues. I am especially interested in the city, county individual etc. notes and scrip and have about 65 different issues in my collection.

I am feeling much better now and Janet and I have just returned from a cruise. We hope you and yours are all well and happy.

Sincerely,

Matt

Dear Matt:

The \$20. Missouri with "Five years after date" on blue paper has turned up in reasonable quantity. Criswell's pricing and rarity are no longer applicable. The cream colored paper \$20. "Five years" is still extremely rare. I would say that \$20 to \$25 value would be fair for your piece.

Thank you for the railroad circular. I will patch it somehow, although it is very brittle.

I hope I have been helpful. Best to Janet and yourself.

Sincerely yours,

Dear Eric:

Janet and I have just returned from six weeks in Europe. While there I found a small collection of 26 bank notes from Greenland.

Of these two are unknown in any catalog, and the rest are only listed in "Grønlandske Pengesedler " 1803-1967 , with no prices.

There are five different from 1803, six from 1804, including a 5 Rdlr. extremely rare, five from 1856, one 1875, one 1874, one 1892, two 1905, and five 1913.

These notes are now in a bank in Europe and can be shipped to any bank in the U.S. on a C.O.D. basis.

I have zerox copies of all of them which I can mail to you if you are interested, as I know you like foreign bank notes that are really rare. Some of these may be unique. They must be sold as a collection and are subject to prior sale.

The price is \$ 22,150.00. Please let me know by phone or return mail if you would like to see the zerox copies.

It has been a long time since we have talked together. I am still working on the Arkansas Obsolete notes and scrip book and when you can get your secretary to send me a list of your Arkansas notes, please do so. I hope to see you at the A N A next year, if not before then.

It was a delight hearing from you. I am glad you and Janet had a lovely vacation. Evelyn and I look forward to seeing you in St. Louis at the next ANA or sooner.

As far as the Greenland paper money is concerned, there must have been a heard found because other dealers are offering them. With respect to my Arkansas notes it would be better if you could send me your check list in its present condition so that I can see what new I can add. That is the way I have been helping others.

I am delighted to keep busy writing and working in numismatics and I am glad you are continuing to do so.

Thank you for thinking of me with respect to the Greenland items.

Dear Eric:-

I know your opening was great. Janet and I plan to see it the first time in St. Louis.

Answering your letter: - Thank you for the Xerox.

The \$100 note from Yellville is definitely

H. J. WILSON (my 250 note is exactly like it)
mine is - Oct. 12 (written) 1862 printed. No. 972 signed H. J. Wilson

Arkadelphia; I. W. Smith was in business there from 1837.
held County offices 1846-63.

Camden:- AVERA is correct. (noN) He had a drug store
in Camden 1861. His son was postmaster of Camden in 1885.
I like your suggestion to list all state C.S.A.
Notes & R.R. city notes as in Cuswell.

However I am not asked to put any Bonds
in this book. In fact they do not want me to (exa

start listing Bonds, so I will not
list Ark State Bonds, ^{Ark char Bonds,} L. R. Bonds,
R. R. Bonds, or Ft. Smith City Bonds
or County Bonds.

Eric I will probably write you
further, maybe need some pictures etc.
Thank you so much for your help!

Dear Matt:

I am going to talk turkey to you. I want you to produce a fine publication. It is easy to get bad advice and I think you have received bad advice. You must include Arkansas "Bonds" which circulated as money. The Fort Smith & Little Rock issues are not really bonds - they are money in shape, appearance and use. Their denominations are so designed. they would leave a hole in your work if omitted.

As to Arkansas State bonds that is another matter - they have coupons. When there are coupons the bonds don't circulate as money in most cases. Lots of money ^{issued} bears interest so the distinction is whether it passes from hand to hand as money or as investments.

The decision is yours. There are not that many city bonds to cause a problem.

Will you do me a favor and send me a Xerox of the 50¢ Headlining Strip payable in Franky Mo - do you have it? Will you sell it to me? It is really more Missouri than Arkansas.

Thanks for identifying the Wilson issue from Wellville.

I am enclosing herewith the \$100 Cincinnati and Little Rock Slate Company Note. It probably is the only specimen known and is dated March 1, 1955, Plate A, and has a printed back as well as an overprinted face. I believe it is substantially more important and valuable than the 50¢ Lead Mine scrip issued at Granby, Missouri, which I am to receive in exchange. I want you to enjoy the nice note which I am sending, but I have the following suggestion.

If you or your heirs determine to dispose of your Arkansas collection and I am still collecting, I think it would be fair if I could obtain it back by exchanging other salable material of equal value. We could set a value now if you care to.

I am ready to continue to help on your Arkansas listing whenever you are ready and I am already at work on the Mayer Brothers issues.

Dear Eric;

Thank you for your letter of Nov. 4th and the xerox copies enclosed.

We had a family reunion here at Thanksgiving, and the grandchildren have taken my energy, but am now back on "the book".

Referring to your letter, picture # 5 is the Carrollton note. Is it AR. or MO. ? You said over the phone you would write a Mr. Schlessinger at N.O. about it, as you had his address. I may write him if you send his address to me and are not sure about this note. You may have the note filed under MO. I have two other issuers that are from Carrollton, AR. and I can research this town for names.

11 is Ft. Smith Exchange, Mayers & Bro. (printed), signed by Goodman. On Feb. 24, 1981 you sent me a dark xerox copy of this note on which you wrote in red ink "this is Mayers and Bro. new denomination on unlisted Ft. Smith Exchange" so I know you have this note, but the Xerox is too dark to reproduce. Could you please send me a photo of it?

#12 E.S. Mitchell, 50¢, you sent me a xerox on which you wrote in red, "addtl. denom." This note may be filed under Indian Terr. as it says "redeemable in Doaxville and Boggy Depot, C.N. by J.P. Kingsbury & Co." across top of note. (Mitchell's notes come with & without this line).

#15 \$10 L.R., Bank of State demand note (c) Indian throwing tomahawk, I am not sure you have this- maybe in proof?

#17 Same but \$20.00 Post note, proof. I need this picture., (c) sheep shearing scene, hope you have it.

#22 Columbia County (Magnolia). You sent me a xerox of this note but it is too dark. You have it probably under Columbia Co.

32 Yellville, H. L. Wilson 1862 \$1.00- did not receive this one. Also rechecking the original list some of the xerox's are so dark that they may not reproduce good, what do you think? I believe that # 13, # 19, # 23, #29, and #31 also #11, #12 and #22 would not reproduce in the book. (I will be glad to photograph them.)
I talked to Amon Carter on the phone and he sent me all the AR. notes he had that I would need photos, for the book. I had a pro photographer here take pictures of them, nineteen in all, and returned them to him.

One of these he thought was from Ar. was from Elk Mills, no state given. I had Dr. Ferguson check it out and he said it was from Missouri. -McDonald County. I thought you might want to know about this note so I took a xerox of the photo and am enclosing it for you. He also had one from Magnolia, Florida in his AR. notes. I appreciated him sending me his notes, he had three new towns and several new denominations.

I cannot get Christian Blum to send me pictures or his notes as he does not want to get them out of the bank.

Janet and I wish you and Evelyn a very happy holiday season,

I tried to reach you on the phone at your home several times,
but received no answer so presume that you have been out
of town.

I am turning in my manuscript to Wendell Wolka at Memphis
to-morrow. I will have a few articles that pertain to some
of the scrip, counterfeiting, stage coach passes etc. to write
and add by mail.

I used almost all of your xerox copies. Some were not so good
but I am sure a picture would not have been any better so I
did not bother you. If you think a picture would be better on
some of those Corp. of L.R. , G.E. Forrester, Ozark, and E. S.

Dear Matt:

You asked me to locate the best book on the Second Bank of the United States, and I want to refer you to a book published in Chicago in 1902 by Ralph C. H. Calterall entitled "The Second Bank of the United States". It is 500 pages long and a reprint was made in 1960 by the University of Chicago Press. If you cannot obtain the reprint easily I will gladly lend you mine when you are ready for it.

I presume you are familiar with John T. Holdsworth and Davis R. Dewey who wrote a book published in Washington, D. C. in 1910 entitled "The First and Second Banks of the United States".

I sincerely enjoyed being with you and Janet at the very fancy dinner which we had. It really was delicious and I thank you for asking me. I hope the balance of your trip was a pleasure and look forward to seeing you again either in St. Louis or elsewhere.

Dear Eric:

We have just returned after a summer visiting our children.

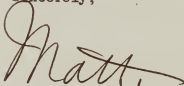

Janet and I enjoyed being with you in Boston. Before I left I went to the research department of the Boston Library and found some fine material. I read and copied -xeroxed- from the Ralph Calterall book "The Second Bank of the U.S." If I need more from it I will let you know.

I have asked our library to get the Holdsworth and Dewey book and they are looking for it, as well as four others I have asked for. In Boston I also read and xeroxed from "Legislative and Documentary History of the Bank Of the U.S." by Clark and Hall, written in 1832.

Thank you for your note copies and letters I received in my mail. I must finish the Arkansas book first which will take me several weeks, so will start on the next one about the first of the year, after Christmas.

I certainly appreciate your research and we will see what happens.

Sincerely,

" ARKANSAS OBSOLETE NOTES AND SCRIP".

✓ This book by Matt Rothert, Sr., ^{N.L.G.,} of Camden, Arkansas is scheduled to be printed in June 1985.

It gives the history of Arkansas banking, banks and scrip issuers from the time Arkansas became a State in 1836 to 1900.

Many unusual historical facts are included. It lists all Arkansas cities and towns issuing notes and scrip during those years.

The author has been collecting material on this subject for over thirty five years. The book will contain over 400 pictures , many showing Arkansas scenes before 1900 and many pictures of the actual notes and scrip. More information will be issued at the publishing date.

I missed seeing you in Detroit. Janet and I were anxious to have you for lunch or dinner. It was a short, three day reunion with old friends from all over the country.

I know you wonder what happened to my Arkansas book. It was held up by a change of administrations in the S P M C, but I finally worked out a way to get it going again and it should be out by June next year. Dean Oakes is typing it now. I am slowly working on my Bank of the U.S. book, and thank you for your suggestions made some time ago.

I am enclosing a press release on my book.

Good luck on the Banking of the U. S. writing. That is difficult, I know.

Dear Eric:

The first books came in to the Memphis Paper Money Show by overnite express on June 14th. It looked great and I autographed over 100 copies in Memphis. We are having an autograph party at a Camden book store this Saturday and they hope to sell 100 more. The Old State House Museum, in Little Rock plan an autograph party about July 25th, there. The S.P.M.C., being a non profit, I am not asking for anything for writing the book, nor any royalty. The profits will go into having the next book, Louisiana, printed.
it.

I think you will like A heading on every page, two indices, 270 pages, and over 400 pictures make it much bigger than the Average State book, and much heavier. They set the price on their cost.

To my eyes it looks like a book. Did you see my articles in "Paper Money"? Let me know what you think of the book. Your name is ⁱⁿ it, in many places.

I now will start on my "Bank of the U.S., History and Catalog, 1791 -1840." I would like to have your suggestions on that. My copy of "The Early Paper Money of America" does not have anything about the first bank in it. Can I purchase your addition? You said in 1974 that we might cooperate on this book. Are you still interested?

Very best to you and Evelyn from Janet and me.

I will be glad to comment when I receive my copy —

As to the Bank of U.S. there is loads of material in my 1976 edition of "Early Paper Money of America". I will send you a copy promptly.

There is other important material in the new Pennsylvania Currency book just published by the Paper Money Wisner project. I have data in the introduction, in the text and in the counterfeit section. Dick Hooper wrote it.

Please send the amount I am to send for your book.

I have to get out the Missouri book so I just can't do more than be of help to you on the Bank of U.S. matter.

Dear Matt:

I was delighted to hear from you. I have read portions of your Arkansas book on several occasions and I find it most refreshing and adding a new element to the style of study. I congratulate you and will write you further opinions when I am writing the Missouri book. I wrote the committee and asked them about six months ago what comments had been made about other Wismer project books so as to guide me. I felt that it would be helpful to all of those who were writing books to know what suggestions were made by others about the first group of books. To date, I have no responses and it has been followed up.

I am including in my book a digest of the laws of Missouri relating to money.

I am ready, as I have often told you, to furnish material on the Second Bank of the United States any time you wish it.

Gene Hessler is at our museum and I hope this will enable the public to enjoy it all the more. You have not come to St. Louis to see it and I order you and Janet to do so at your next convenient opportunity.

Evelyn and I just went to the islands in the Indian Ocean for a little vacation and now I see you are going to Florida. Recharge your batteries and let me hear from you.

Dear Eric;

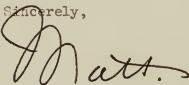

Janet and I want to congratulate you on being inducted into the Hall of Fame.

I decided not to go to Milwaukee as the A N A has become such a dealers Club. When I was President we had a rule that no member of the Board could have a table or the auction at any A N A show. The Board is now dominated by dealers as that by-law was changed. I do not approve of the ANA grading.

However when they have it in St. Louis I will go to come see you. I may go to Atlanta next year as we have so many friends there.

I would be glad to hear from you.

I missed you in Milwaukee and look forward to seeing you in Atlanta if you can make it. Naturally, any time you come to St. Louis, I will roll out the red carpet.

Unfortunately the dealers dominate the ANA and the entire numismatic thinking and connivance is hung up on grading matters. I hope this will all pass.

Varieties of M. Mayers & Bro. Scrip Issues

Major and minor variations of the scrip issues signed by M. Mayers as president and Wm. H. Mayers as cashier were issued at Fort Smith City, Arkansas dated December 18, 1861, January 5, 1862 and January 9, 1862. The dates on most issues are entirely printed and on others the last figure of the year is written in by hand. The issues are unusual in that they are also redeemable by either four or five other merchants within and outside of Arkansas. These are Stirman & Dickson, Fayetteville, Ark.; White & Hanley, Van Buren, Ark.; F. H. Nash, Fort Gibson, Cherokee Nation; Alexander & Allen, Sherman, Texas; and J. M. Smoot, Denton, Texas. Alexander & Allen were not included on some issues. Plate letters A, B, C and D are used in an irregular manner with Plate A once on each side. The denomination counters are sometimes on each side of the note while on other pieces only on the left side. The note numbering is on the left side on some and on the right on others. There are several different border decorations as well as text type styles. There are eagle and ship vignettes on some pieces. The length and height of the notes vary. There is a mirror image \$ on two \$1 notes. Many notes are overprinted on the front or back with a red ink handstamp reading "M. Mayers & Bro. - Druggists - Fort Smith, Ark."

The following classification lists only enough detail to help in distinguishing presently known varieties:
